## **L104 - BERETTA SV 10 PERENNIA III 12 GAUGE SHOTGUN 26" BARRELS WITH FITTED CASE**

Donated by: McBride's Guns

Ideal blend of tradition, design, function and style. In a traditional firearm like the over-and-under, the task of the designer is even more difficult. The design is constrained by the dimensions, the function of the parts, by the weight and balance of the components, by the ergonomics of the shapes, by tradition.

The new Beretta Perennia over-and-under is the best example of how all of these characteristics may be blended together in the correct proportions in order to reach a single goal, a grand result of elegance, modernism, efficiency and style.
